

Environmental, Social & Governance (ESG)

Our eight values are at the very heart of Allegion and the way we run our business. These values are an important guide for our ESG efforts and approach.

SERVE OTHERS,
NOT YOURSELF

DO THE RIGHT THING

BE CURIOUS
BEYOND THE OBVIOUS

HAVE A PASSION
FOR EXCELLENCE

ENJOY WHAT YOU DO
AND CELEBRATE WHO WE ARE

BE SAFE, BE HEALTHY

BE EMPOWERED
AND ACCOUNTABLE

THIS IS YOUR BUSINESS.
RUN WITH IT

Allegion has mobilized a cross-functional ESG Council to support our ongoing commitment to environmental, social and corporate governance matters

How does ESG guide Allegion?

Examples of ESG factors

Environmental

- Waste & hazardous materials management
- Water & wastewater management
- Air quality
- Greenhouse gas (GHG) emissions
- Energy management
- Manufacturing / supply chain footprint & logistics
- Materials sourcing & efficiency
- Physical impacts of climate change

Social

- Employee health & safety
- Product quality & safety
- Labor practices
- Data security
- Employee engagement and diversity, equity & inclusion (DEI)
- Human capital deployment
- Customer privacy
- Supply chain management
- Human rights & community relations
- Product design & life cycle management

Governance

- Business ethics & compliance
- Enterprise risk management
- Management of legal & regulatory environment
- Competitive behavior
- Board diversity
